## MEDICINAL.

**THE AX** of toughest steel becomes dulled by constant use and must have a new edge if it is to do good work. Constant work dulls a man as it does an ax, makes him sluggish of body and dull of mind. He needs a tonic, something that will restore the keenness of mind and activity of body.

Dr. Pierce's Golden Medical Discovery puts new life into weak, worn-out, run-down men and women. It strengthens the weak stomach, purifies the blood, and effectively stimulates the liver. The whole body is built up with sound, solid flesh by the use of "Golden Medical Discovery."

It was confined to my bed for four months from January 1st, 1899, and commenced to take your medicine January 26th, 1899. I write Mrs. Sallie E. Shepherd, of Poplarville, Mo. "I took eight bottles of Dr. Pierce's Golden Medical Discovery, four of 'Favorite Prescription,' and one bottle of Doctor Pierce's Sound Extract of Sassafras. Weed, as a liniment. Indigestion, obstinate constipation, and hardening of the liver was my complaint. I am at this time able to do almost any kind of house work. Your medicine saved me from a hopeless case when I began taking your medicine."

Don't be fooled into trading a substance for a shadow. Any substitute offered as "just as good" as "Golden Medical Discovery" is a shadow of that medicine. There are cures behind every claim made for the "Discovery," which no "just as good" medicine can show. Biliousness is cured by the use of Dr. Pierce's Pleasant Pellets.

**CATARRH** AND HEALING CURE FOR CATARRH IS ELY'S Cream Balm

Easy and pleasant to use. Contains no injurious drugs. It is quickly absorbed. Gives relief at once. It opens and cleanses the nasal passages. Allays inflammation. Heals and protects the membrane. Restores the sense of taste and smell. Large size, 50 cents; at drug stores or by mail. Trial size, 10 cents; by mail. ELY BROTHERS, 56 Warren Street, New York.

**WEAK LUNGS**

Weak lungs are mostly due to a neglected cough. Only a small part of the millions who have consumption inherit it. A slight cold, a tickling or hacking cough is the beginning, and after it has reached a certain advanced stage there is no ending except the grave. A case of consumption that is curable; that is, any one having consumption whose family or friends still hold on to a ray of hope, may take comfort in the knowledge of the fact that One Minute Cough Cure will give instant relief and finally cure.

This famous remedy does not pass immediately into the lungs, but into the throat, chest and lungs, producing the following results:

- (1) Relieves the cough.
- (2) Makes the breathing easy.
- (3) Cuts out the phlegm.
- (4) Draws out the inflammation.
- (5) Kills the germs (microbes) of disease.
- (6) Strengthens the mucous membrane.
- (7) Clears the head.
- (8) Relieves the feverish conditions.
- (9) Removes every cause of the cough and the strain on the lungs.
- (10) Enables the lungs to contribute pure life-giving and life-sustaining oxygen to the blood.

Croup and all Cough, Lung and Bronchial Affections.

**CONSUMPTION CURED.**

"My physician told me one year ago that I would die of consumption inside of a year. I commenced taking One Minute Cough Cure for my lung trouble and I cured me. I have gained 20 pounds and I am a pretty live 'dead woman.' One Minute Cough Cure saved me." MARY F. SULLIVAN, Cedar Rapids, Iowa.

Pleasant to the taste. Good for Children Good for every body. For Coughs, Colds, Croup, Whooping Cough, Bronchitis, Asthma, Pneumonia and all Throat and Lung troubles no remedy is so good as

## LADRONES ACTIVE.

A force of ladrones under Gen. San Miguel reappeared in Rizal province Saturday. They avoided an engagement with the main force in the south, but captured three small detachments of constabulary. The ladrones surrounded the towns of Cainta and Taytay, eleven miles east of Manila, Saturday, and captured thirty scouts and ten men of the constabulary, whom they disarmed and set free yesterday. Inspector McIlvaine, at the head of ten constabulary, was surprised and all were captured near Montaban, sixteen miles east of Manila. The ladrones promised to release them if the constabulary would surrender their arms. While they were conferring on this point, McIlvaine made a dash for liberty, and he and all the constabulary effected their escape.

When the news of the reappearance of Gen. San Miguel's force reached Manila reinforcements of scouts and constabulary were hurried into the Rizal province. Gen. Allen and Col. Scott went to Antipolo and assumed command of forces there. They met with small detachments of ladrones, and a few skirmishes took place. They were, however, unable to locate the main body of ladrones. Gen. Allen and Col. Scott are continuing the pursuit and hope to overtake the released prisoners.

It is said that Gen. San Miguel's force consists of 300 men, armed and uniformed. The zone of ladrone activity extends from Calocan, four miles north of Manila, eastward to the mountains of Rizal and skirting the northern limits of Manila. San Miguel claims the insurgent leadership, and fights under the Katipunan flag.

According to news from Albay, Luzon, a force of ladrones attacked a small detachment of constabulary Friday. The constabulary retreated, but killed eleven ladrones. Two of the constabulary were killed.

**A GERMAN DEMAND.**—The German government, through its representative in Washington, Baron Spec von Sternberg, has made a request of Mr. Bowen for the immediate payment of the \$27,500 which it was stipulated in the protocol signed on February 13 should be paid within thirty days from that date as a preliminary to the raising of the blockade against Venezuelan ports and the agreement to send the question of preferential treatment of the blockading nations to The Hague for determination. Mr. Bowen promptly declined to accede to the request, but informed Baron Sternberg that, as provided in the protocol, the money would be paid to the German representative at Caracas thirty days from February 13, which would be on the 15th of March. The reason that animated the German government in making the request is not disclosed, nor is Mr. Bowen aware of it. The matter, however, has some significance, perhaps, in view of the fact that the ships taken by the Germans during the blockade have not yet been returned to Venezuela. The correspondent of the London Standard at Brussels telegraphs that the protocol between Belgium and Venezuela will be signed this week. Belgium, says the correspondent, has obtained full satisfaction. The Belgian claimants will receive \$2,500,000 after the Anglo-German claims have been paid.

**BRYAN AND THE "LIFT" MAN.**—Hon. William Jennings Bryan, who dropped into the Senate Saturday to see Senator Jones, of Nevada, was refused admission to the private elevator because the "lift" man did not know him. The difficulty was adjusted after Mr. Bryan had sent for Senator Jones, who introduced him to the elevator man. Mr. Bryan delivered a lecture before the students of the Georgetown University Law School Saturday night. He did not touch upon politics, but confined his remarks to a consideration of "ideals." He said that early in life his ambition was to be a great lawyer. He had been told, though, he had had two other ambitions—first, to be a Baptist preacher, but after seeing a baptismal immersion and bearing in mind the antipathy of cold water to democratic ideals he came to the conclusion not to be a clergyman; and, second, to be a farmer and raise "big pumpkins," in which respect he had to a certain extent succeeded. After entering the law profession he concluded that that was perhaps the ideal ambition.

**CALCIUM SALTS FOR MUSCULAR AND NERVOUS DISEASES.**—Dr. Jacques Loeb, of Chicago, has discovered that muscular and nervous diseases, such as St. Vitus' dance, paralysis agitans, locomotor ataxia, and sleeplessness can be cured by administering calcium salts, that is, such salts as are found in well water and many foods. Announcement of this discovery in scientific research by the former head of the department of physiology at the University of Chicago has just been made. In one of the
